Workshop on Programming Laboratory-IV

REPORT

Bharati Vidyapeeth's College of Engineering, Lavale conducted a one day workshop on Programming Laboratory-IV on 13th February 2016. A total of 51 students along with the entire Computer faculty participated in this workshop. The workshop was supervised by all faculty members of Computer engineering department.

As per schedule of the program, Prof. Pallavi Dhande covered Digital Signal Processing theory portion related to laboratory assignments. All points were taught with the help of power point presentations and white board to help student's better understand the subject and build their concepts. The workshop had a theory lecture session as well as a hands-on session which helped students to practically implement the concepts learned in theory. At the end of the workshop there was an interactive Q&A session with the faculty & students to clear all doubts related to the subject.
