A Blood Donation Camp was organized in Bharati Vidyapeeth College of Engineering, Lavale. The program was organized by the National Service Scheme (NSS) of our college. Doctors from Rajan Sancheti Medical College. All the people filled out the form before donating blood.

The fear of donating blood is only mental and is born out of ignorance. Actually no one has lost their life due to blood donation till date in history. One blood donation saves the lives of five needy ones. In a country like India, many festivals require a large amount of blood. Therefore, the President of IMA appeals to the citizens to donate blood from time to time as a primary duty. Expressed by Dr. Avinash Bhondve, Bharati University Founder-Chancellor. On the occasion of the birth anniversary of Dr. Patangrao Kadam and the acting of Bharati University, State Minister for Agriculture, Cooperation and Social Justice.

A blood donation camp was organized on the occasion of Dr. Vishwajit Kadam's birthday. This camp was conducted by the Department of National Service Scheme at Bharati University's College of Engineering Lavale. On this occasion Senior Police Inspector Ashok Dhumal, Mulshi Panchayat Samiti Deputy Chairman Vijay Kedari, Sarpanch Prashant Ranwade, Dr. B. L. Deshmukh, Santosh Dhamale, Dr. Rajan Sancheti, Dr. R. N. Patil was present. At this time, when there was a heart attack, CPR was properly and effectively administered. Dr. Rajan Sancheti has given guidance on how to give. Facilitation and Preface by Prof. Pramod Salunkhe, while Prof. Sangram Patil thanked.

## REPORT ON BLOOD DONATION CAMP

### **“FOUNDER OF BHARATI VIDYAPEETH COLLEGE OF ENGINEERING.”**

Dr. Patangrao Kadam was born into a middle-level farming family in a small village of Sonsal, Sangli District in Maharashtra. Since no educational facilities were available in Sonsal, Kadam had to walk 4-5 km every day to attend a primary school in a nearby village. He did his secondary education up to S.S.C. at a boarding school in Kundal.

Kadam was the first person from his village to have passed the S.S.C. examination. After S.S.C., he joined Shivaji College, Satara, run by Rayat Shikshan Sanstha, which was established by a renowned social reformer and educationist, Karmaveer Bhaurao Patil. He was enrolled in the College under its "earn and learn scheme". He took lessons of dedicated social service from Karmaveer Bhaurao Patil.

Kadam came to Pune in 1961, where he completed a one-year Diploma Course in teaching in 1962, and started working as a part-time teacher in a secondary school in Pune run by Rayat Shikshan Sanstha. Kadam obtained a bachelor's degree in Law and master's degree from the University of Pune. Despite his preoccupation with educational, social and political activities, Kadam completed his research on the theme "Administrative Problems of Educational Administration in 80s" for which he was awarded a Ph.D. in Management by the University of Pune. He has also established Milk Society, Spinning Mills, Sugar Factories, a Bank etc.

कार्यक्रमाचे वर्णन :-

## Report on Guinness World Record

The Savitribai Phule Pune University (SPPU) Sunday attempted to create a Guinness World Record by distributing 16631 saplings of neem to Volunteers of National Service Scheme (NSS), linked to more than 350 colleges. Our Bharati Vidyapeeth College of Engineering Lavale, Pune National Service Scheme 75 Volunteers and 04 Faculty Members were participated for Guinness World Record program.

The Saplings are likely to be planted along the Pune-Pandharpur pilgrimage route taken by warkaris during Ashadhi Wari, said university officials.

With the record attempt, the SPPU announced the start of its 'Green Wari' Initiatives, which combines ecological awareness with the larger objective of promoting conservation of water resources and regenerating the tree cove. Chief Minister Devendra Fadnis, Pune Guardian Minister Chandrakant Patil, Mayor

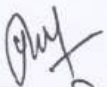

Mukta Tilak, District Collector Naval Kishor Ram and SPPU Vice-Chancellor Dr. Nitin Karmalkar, among others were present at the event.

CM, also administered an oath to participating NSS Volunteers for ensuring a 'Green Wari' this year, said the pilgrimage has a tradition of more than 700 years and it should be a matter of privilege for students to be able to contribute towards making the journey of warkaris easier and more fulfilling.

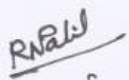

According to officials, the recording of most saplings distributed in a day is held by Habitat Schools, Ajman, and UAE, which was achieved in April 2019. At that time 9371 saplings of Sesbania grandiflora, which is known in Maharashtra as shevri were distributed. To break the record, at least 20000 neem saplings were procured from nurseries around pune. The university begins planning to set this record more than six months ago.

Although we had planned for 20000 students by the time the event started, only 16631 students had entered the premises after collecting their saplings.

## **Notice**

We are pleased to announce that the Class Cricket Competition will be held on 8th and 9th May 2023. This is a fantastic opportunity for you to showcase your skills and compete against other classes in the school. We invite all interested students to participate in this event and make it a grand success.

To participate in the competition, each class is allowed to register one team with the signatures of the GFM and the Head of the department. Additionally, each department is allowed to register one girls' team.

The last date for team registration is 02 May 2023. Only registered teams will be allowed to participate in the competition. Therefore, we urge you to ensure that your team is registered on time to avoid any disappointment.

We encourage all students to participate in this event, regardless of their skill level. This is a great opportunity to bond with your classmates, have fun, and develop your cricket skills. We assure you that this will be an enjoyable and memorable experience for all participants.

If you have any questions or concerns regarding the competition or team registration, please do not hesitate to contact us. We are here to assist you in any way we can.

We wish you all the best of luck in the competition.

#### **Interclass Cricket Competition Report - May 8th and 9th, 2023**

#### **Introduction:**

The much-awaited Interclass Cricket Competition for the year 2023 took place on May 8th and 9th with great enthusiasm and sportsmanship. Organized by the school, this event provided an excellent platform for students to exhibit their cricketing skills, teamwork, and competitive spirit. A total of 12 boys' teams and 2 girls' teams from different departments participated in this thrilling competition.

#### **Day 1:**

The tournament commenced on May 8th with an impressive opening ceremony. Students, faculty, and staff were in high spirits as they cheered for their respective teams. The matches were played with great enthusiasm and sportsmanship.

In the boys' category, TE E&Tc dominated with their exceptional batting and bowling performances. Their teamwork and strategy were commendable, and they emerged as strong contenders for the championship.

In the girls' category, the E&Tc department showcased their cricketing prowess, displaying excellent batting and fielding skills. The Computer department girls also displayed remarkable sportsmanship and teamwork.

#### **Day 2:**

The second day of the competition witnessed intense matches and a significant rise in excitement levels. Students from various departments continued to showcase their passion for cricket.

In the boys' category, SE Comp displayed incredible determination and skills, finishing as the runners-up. Their performance was a testament to their hard work and dedication.

In the girls' category, the Civil department girls demonstrated their cricketing talent, finishing as runners-up.

### **Winners:**

After two days of exhilarating matches, the results of the competition were as follows

#### **Boys' Category:**

Champions: **TE E&Tc Boys**

Runners-up: **SE Comp Boys**

#### **Girls' Category:**

Champions: **E&Tc Girls**

Runners-up: **Civil Girls**

### **Conclusion:**

The 2023 Interclass Cricket Competition was a resounding success, fostering a spirit of healthy competition and camaraderie among students. It provided an excellent platform for students to showcase their cricketing talents and sportsmanship. Congratulations to TE E&Tc Boys for winning the boys' category and to E&Tc Girls for clinching the girls' category. Kudos to all the participating teams for their exemplary performance, dedication, and teamwork.

This event wouldn't have been possible without the hard work and dedication of the Principal Dr.R.N.Patil sir, organizing committee, volunteers, and the support of the faculty and staff.

## **BHARATI VIDYAPEETH'S**

**COLLEGE OF ENGINEERING, LAVALE, PUNE 412 115**

**INSTITUTE PERSPECTIVE PLAN (2020-2021)**

### **ANNEXURE**

## **Preparation towards National Education Policy (NEP 2020)**

Preparing for the implementation of a National Education Policy (NEP) involves a comprehensive and strategic approach that addresses various aspects of the education system. Here is an elaborate exploration of the key components involved in preparing for the adoption and execution of a National Education Policy:

### **1. Policy Understanding and Alignment:**

**Stakeholder Awareness:** Ensure that all stakeholders, including educators, administrators, students, parents, and policymakers, are well-informed about the goals, principles, and implications of the National Education Policy.

**Alignment with Institutional Objectives:** Align the existing institutional goals and strategies with the overarching objectives of the NEP, fostering coherence and synergy between national and institutional educational priorities.

### **2. Infrastructure and Technological Readiness:**

**-Digital Infrastructure:** Assess and enhance digital infrastructure to support the technological requirements outlined in the NEP. This may include upgrading IT systems, providing internet access, and implementing necessary software solutions.

**Training and Capacity Building:** Conduct training programs for educators and administrators to familiarize them with the technological tools and methodologies introduced by the NEP.

### **3. Curriculum Development and Revision:**

**Curriculum Review:** Evaluate the existing curriculum against the guidelines and recommendations set forth in the NEP. Identify areas that need revision or realignment to meet the policy's objectives.

Incorporating Holistic Learning Approaches: Embed interdisciplinary and holistic learning approaches as per the NEP's emphasis on a broad-based and flexible education system.

#### 4. Assessment and Evaluation Strategies:

Competency-Based Assessment: Shift towards competency-based assessment methods as suggested by the NEP. Develop new evaluation strategies that focus on measuring practical skills, critical thinking, and problem-solving abilities.

Continuous Evaluation: Emphasize continuous evaluation rather than relying solely on traditional examination systems. This could involve project-based assessments, portfolios, and other forms of ongoing evaluation.

#### 5 Teacher Training and Professional Development:

Pedagogical Training: Provide training to teachers on modern pedagogical methods and approaches encouraged by the NEP. This may include workshops, seminars, and ongoing professional development programs.

-Incorporating Technology: Equip teachers with the skills to integrate technology into their teaching methods effectively, fostering a tech-enabled learning environment.

#### 6 Inclusivity and Equity:

- Addressing Disparities: Identify and address disparities in educational access and quality, as outlined in the NEP's focus on inclusivity. Develop targeted initiatives to ensure that all students, regardless of socio-economic background, have equal opportunities.

#### 7. Community Engagement:

Parent and Community Involvement: Foster partnerships with parents and the broader community to create a supportive learning environment. This collaborative approach aligns with the NEP's emphasis on community participation in education.

#### 8. Monitoring and Evaluation Mechanisms:

- Establishing Monitoring Bodies: Set up monitoring bodies or committees responsible for tracking the implementation progress and evaluating the impact of the NEP. Regularly review and adjust strategies based on feedback and outcomes.

#### 9. Resource Allocation and Budget Planning:

Financial Planning: Develop a budget plan that allocates resources according to the priorities outlined in the NEP. Ensure that funding is directed towards critical areas such as teacher training, infrastructure development, and technology integration.

#### 10. Communication and Public Relations:

Communication Strategy: Implement a communication strategy to inform the public about the changes brought about by the NEP. Address any concerns or misconceptions and build public support for the policy.

#### 11. Pilot Programs and Phased Implementation:

- Piloting New Initiatives: Consider piloting specific programs or changes on a smaller scale before full-scale implementation. This allows for the identification of challenges and the refinement of strategies before widespread adoption.

#### 12. Research and Innovation:

- Encouraging Research: Foster a culture of research and innovation within the education system. Support initiatives that explore new methodologies, technologies, and pedagogical approaches aligned with the NEP's vision.

By addressing these components, educational institutions and policymakers can better prepare for the successful implementation of a National Education Policy. This holistic and systematic approach ensures that the transition aligns with the policy's objectives, promoting positive outcomes for both educators and students.

In a significant stride towards modernizing education systems, the institute has recently taken a pioneering step by adopting the registration of ABC IDs as a crucial component of the National Education Policy (NEP). This innovative initiative aims to streamline and enhance the educational experience for students by providing them with a unified platform for storing and managing their academic credits.

The National Education Policy has been a cornerstone in reshaping the education landscape, emphasizing holistic and flexible learning approaches. The integration of ABC IDs aligns seamlessly with the overarching goals of NEP, facilitating a more transparent and efficient academic ecosystem. The ABC IDs serve as unique identifiers for students, acting as a digital passport that consolidates their academic achievements across various courses and disciplines.

The institute has decided on the registration of ABC IDs as a part of National Education Policy (NEP) which provides students with a single platform for storing academic credits.
